

NORDIC KNOTS

Norr Mälarstrand 01

Designed by Swedish architect Andreas Martin Löf for his living and work space in Norr Mälarstrand, Stockholm. Inspired by the typical "Norr Mälarstrand" aesthetics where the architecture lies on the border of classicism and modernism. The rugs patterns are based on elements and colors from the building in green and a soft greige with black accents. Martin-Löf's architecture is coloured by his in-depth interest for craftsmanship and his eye for details. This plush cut-pile rug is made with New Zealand wool for great quality and a soft feel. The AML Collection is handmade in small batches. Only **a few in each size**
